Fusion Flexo wants your projects to turn out just as perfectly as you do. The following guidelines will ensure that your artwork is saved in the best possible format for print reproduction.

Acceptable File Formats:

- Adobe Illustrator (Preferred File Format)
- PostScript
- 1-Bit TIFF
- .LEN (Esko)
- Adobe InDesign
- Macromedia FreeHand*
- QuarkXPress*
- ArtPro*
- Hi-Res PDF**

*Files originating in the above applications may be saved in .eps (Encapsulated PostScript) format by customer before providing to Fusion Flexo to ensure cross-platform compatibility.

**PDF files have the capability to be used as a simple proof or as high-resolution art files. When utilizing a pdf for submitted artwork, the file must be saved in a high-resolution format.

Color:

- Convert all RGB colors to CMYK
- All black text should be black only (not a CMYK build of black)
- Please specify any Pantone®, custom spot color, and coatings within the artwork file.

Placed/Linked Images:

- Please provide any placed or linked images as separate, high-resolution (300+ ppi) files.
- Adobe Photoshop compatible file is recommended for placed images. Please include layered whenever possible.

Text/Fonts:

- Please provide fonts for all live text and/or convert fonts to paths (vectors or outlines).

Artwork Submission:

- Artwork can be submitted to Fusion Flexo via CD, DVD, Email (up to 20MB) or FTP.

Uploading to our FTP Site:

- Email info@fusionflexo.com for FTP upload information.
